

Card Game
with printable cards
Endangered species
Created by: Andrea Nagy-Ragályi
Hungary

How to play

Spread cards randomly over the playing surface, face down. Players take it in turn to pick two cards of their choosing. If the cards have the same picture of an endangered animal, the player keeps the pair and plays again. If not, the cards are returned to their face-down position and it's the next person's turn. Play until all the cards have been matched. The player with the most pairs wins. But we can add other points if the players can answer questions about the animals on the cards. For example: Where does the animal live? What species does it belong to?

The students can play with bigger size cards on the blackboard. In this case we divide the class into two groups, and arrange the cards on the blackboard in rows and columns named A, B, C and so on, and 1, 2, 3 and so on. So the students can easily define the card they choose. After collecting the pairs they continue to work with the cards. They can order them by the size of the animal the picture shows.

After playing cards we can start a debate on how people can save the animals, especially endangered species. The students can prepare with presentations about organizations protecting the environment, what they do, how they try to save nature and habitats, how they educate people with ideas and advice.

Giant Panda

Giant Panda

Siberian Tiger

Siberian Tiger

Sea Turtle

Sea Turtle

Rhinoceros

Rhinoceros

Whooping Crane

Whooping Crane

Palm Frog

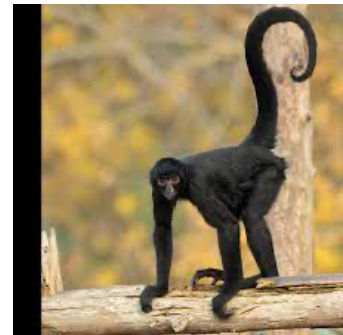

Palm Frog

Leopard

Leopard

Spider Monkey

Spider Monkey

Black Footed Ferret

Black Footed Ferret

Where do these animals live?

ANIMAL	PLACE TO LIVE
Giant Panda	China
Siberian Tiger	Russia, China, North Korea
Sea Turtle	waters of Australia, Papua New Guinea and Indonesia
Rhinoceros	Africa, South and Southeast Asia
Whooping Crane	North America
Palm Frog	Seychelles
Leopard	South, Southeast, East Asia
Spider Monkey	Central and South America
Black Footed Ferret	North America

What species do they belong to?

ANIMAL	SPECIES
Giant Panda	mammal
Siberian Tiger	mammal
Sea Turtle	amphibian
Rhinoceros	mammal
Whooping Crane	bird
Palm Frog	amphibian
Leopard	mammal
Spider Monkey	mammal
Black Footed Ferret	mammal

You can expand the number of the cards. For more ideas check out this poster.
